SUBJECT INDEX

Abortion
midtrimester with fetal abnormalities, relevance to patient counselling 501; commentaries 497, 499
pretreatment with Lamicel for dilating the cervix 475; mode of action 1060
recurrent, immunological aspects 453; commentary 881
associated with absence of a factor blocking cellular cytotoxicity reaction 453
spontaneous or missed, associated with increased decidual PGE levels 958
threatened
aetiological role of *Chlamydia trachomatis* and herpes simplex infection 167
pregnancy outcome, predictive value of: plasma renin substrate levels 1186; plasma SP1 and PAPP-A levels 146
vacuum curettage, effect on plasma levels of 6-keto-$PGF_{1\alpha}$ and thromboxane B_2 251
Acetyl- and pseudocholinesterase gel density ratios in amniotic fluid, diagnostic test for NTD 238
Adrenaline and noradrenaline
fetal scalp blood values correlation with FHR variability in early labour 11
inactivating enzymes in placenta, cord and fetal membranes 525
Alpha-fetoprotein (AFP) *See* α-Fetoprotein
Amenorrhoea, hypergonadotrophic, treatment with LHRH analogue (HOE 766) 539
Amniotic fluid
acetylcholinesterase, diagnostic test for NTD 238
endorphin peptides levels during labour 49
hydramnios, spontaneous resolution in congenital cystic adenomatoid malformation of the lung, case report 1065
oxytocin content, exclusion of fetal brain as the main source of 1160
phospholipid profiles for assessment of fetal lung maturity and glucocorticoids before and during twin labour 51
in multiple pregnancy, effect of zygosity 1001
L/S ratio, is it outdated 995; commentary 993
phosphatidylglycerol 134
xanthine, hypoxanthine, uridine and urate levels association with fetal hypoxia 815
Amniotic membranes
premature rupture
and ascending infection (letter) 187
associated degenerative changes and detection of plasminogen in amniochorion 841
rupture, diagnostic value of vaginal fluid concentrations of prolactin, AFP and hPL 1183
spontaneous rupture, subsequent stimulation of labour 726
Analgesia in labour
effects on maternal and cord plasma levels of β- and α-lipotrophin and β-endorphin 1152
epidural and assisted delivery, commentary 594
epidural, effect on: delayed pushing in labour 623; lower urinary tract function after delivery 428; oxytocin release during labour 214; (letter) 988
pethidine, maternal administration effects on newborn 28

Bacterial infections
acute pelvic inflammatory disease, laparoscopic diagnosis 966
bacteriuria in pregnancy, single-dose cephalexin therapy 1054
Chlamydia trachomatis, role in threatened abortion 167
group B streptococci, neonatal colonization: effect of intrapartum chemoprophylaxis 633; epidemiology 241
Salmonella typhi infection of ovarian cyst, case report 680
tuberculous endometritis, clinicopathological study 84
Bayes' theorem, for assessment of fetal risk in antenatal care 507
Bilharzial granuloma of the fallopian tube (letter) 284
Biofeedback as an aid to childbirth 57
Birthweight
and ethnicity, commentary 289
association with social and biological factors, two British studies 1040
correlation with paternal height 156
-for-gestational age standards, comparative analysis 297; review of 718
high, in an ethnic group of low socioeconomic status 291
light-for-dates
association with elevated maternal serum AFP levels, determinant factors 433
predictive value of antenatal biochemical screening 129
low with breech presentation, delivery management (letter) 587

Bladder
carcinoma with a metastasis in the clitoris, case report 380
function after delivery, effects on of epidural analgesia in labour 428
place of urodynamic investigations in a district general hospital, commentary 97, (letter) 777
urethral pressure profile, measurement technique 919
urinary stress incontinence
effect of Burch colposuspension, clinical and urodynamic assessment 934
in postmenopause treated with intravaginal oestrogen cream 940
treatment with gauze hammock sling operation 945
urethral function assessed by urethral pressure measurements 919
urethrocliesis—a simple cure for 662
vesicovaginal fistula, epidemiological determinants 387; commentary 385
Blair Bell Research Society, abstracts 1092
Blood
activated factor X inhibitor-activity in oral contraceptive users 953
anticoagulants: complex formation with SP1α 312; effect on measurement of PAPP-A levels 150
disorders
haemolytic-uraemic syndrome in first trimester, case report 578
prolonged heparin therapy, cause of bone demineralization 1124; 1129
sickle cell disease in pregnancy, complications and outcome 112
sickle cell trait in pregnancy, complications and outcome 108
erythropoietin: and cord blood Hb in the regulation of fetal erythropoiesis 795; estimations during menstrual cycle and pregnancy 304

feto-maternal haemorrhage as a cause of fetal morbidity and mortality 443
flow: fetal, maternal smoking effects 7; uteroplacental index, correlation with fetal growth retardation 16
iron requirement in normal pregnancy 101
levels of plasma proteinase inhibitors in pre-eclampsia 950
loss at abdominal hysterectomy, effect of low-dose heparin 759
microprocessor, automated, for fetal pH measurements in the labour ward 522
peripheral blood lymphocyte subsets in normal and pre-eclamptic pregnancies 326
plasminogen in amniochorion, role in premature membrane rupture 841
postpartum haemorrhage controlled with PGE_2, case report 280; (letter) 988
ultrastructural study of menstrual blood 259
Bone demineralization
caused by prolonged heparin therapy 1129
Brain
fetal, role in amniotic fluid oxytocin content 1160
fetal brain ventricle dilatation, ultrasound diagnosis 162
Breast, huge bilateral hypertrophic axillary tail in pregnancy, case report 874
Breech presentation *See* Labour and delivery
Broad ligament,
borderline tumour of, case report 372
Bromocriptine and cyclofenil, inhibition of lactation 739
Burch colposuspension for stress incontinence, clinical and urodynamic assessment 934
Burns, severe abdominal, effects on management of subsequent pregnancies 69

Caesarean section. *See* Labour and delivery
Catgut and polyglycolic acid sutures compared in healing of episiotomies 650
Carcinoma *See also* Tumours
cervical
CIN and cervical wart virus infection, immunohistological discrimination 1069
conization, reliability of cytological follow-up 1141
invasive, retrospective review of cervical cytology reports 1087
place of colposcopy in a district general hospital, commentary 1
cervical intraepithelial neoplasia (CIN)
immunohistological localization of Langerhans' cells 412
laser therapy 553; women's recollection of associated pain 1157
progression and herpes virus antibody status as related 421
eccrine hidradenocarcinoma of the vulva, case report 90
gestational trophoblast disease, monitoring with serum levels of placental proteins 317; 483
intracaval leiomyomatosis, case report 272
multicentric, of the lower genital tract, clinical study 557
of the bladder with metastasis in the clitoris, case report 380
of genital tract in offsprings of mothers given stilboestrol in pregnancy, long-term follow-up 1007
ovarian
epithelial tumours of borderline malignancy, pathological features 743
gliomatosis peritonei associated with ovarian teratomas, case report 668
malignancy arising in cystic teratomas, report of 24 patients 671
oestrogen receptor binding of monohydroxytamoxifen to 751
uterine
endometrial, 10-year survival in 290 patients, prognostic factors and therapy 654
Mullerian mixed tumour of the uterine corpus, histopathology 562
progestogen therapy as an adjuvant to surgery 178
Cardiotocography *See also* Fetal heart rate
antenatal, predictive value in high-risk pregnancies 697, 1018
Cephalometry *See* Ultrasound
Cephalexin, single-dose therapy for bacteriuria in pregnancy 1054
Cerebrospinal fluid β-hCG and SP1 levels, prognostic value for trophoblastic disease 317
Cervical
antibodies to *Chlamydia* and herpes virus, role in threatened abortion 167
carcinoma
CIN and wart virus, immunohistological discrimination 1069
conization, reliability of cytological follow-up 1141
in association with vulval carcinoma, clinical study 557
invasive squamous cell carcinoma, retrospective review of cervical cytology reports 1087
long-term follow-up of mothers and offsprings after stilboestrol therapy in pregnancy 1007
place of colposcopy in a district general hospital, commentary 1
cytology
after conization, comparison of three surgical techniques 1141
retrospective review in women developing invasive squamous cell carcinoma 1087
epithelium, distribution of Langerhans' cells in normal, CIN and virus-infected tissue, immunohistological studies 400; 412
dilatation before abortion with Lamicel 475; mode of action 1060
intraepithelial neoplasia (CIN)
effect on distribution of Langerhans' cells, immunohistological study 412
lesions and papillomavirus infection, histological discrimination 1082
progression and herpes virus antibody status as related 421
treatment with CO_2 laser 553; women's recollection of pain 1157
pregnancy, management of, case report 367
ripening with local PGE_2 at term, effect on maternal plasma PGFM and oxytocin levels 612
wart virus (papillomavirus) infection
and CIN, immunohistological discrimination 412; 1069
colposcopic diagnosis 1082
Child development at 7½ years, effects on of maternal hypertension and pre-eclampsia 644
Chlamydia trachomatis infection, role in threatened abortion 167
Cholinesterase, acetyl- and pseudo-amniotic fluid levels, diagnostic for NTD 238
Chorea gravidarum associated with circulating lupus anticoagulant, case report 487
Chorion tissue sampling in first trimester for detection of fetal abnormalities, commentary 193; techniques 196, 1113, 1119
Clitoris, secondary tumours in bladder cancer, case report 380
Clonidine, intravenous, effect on menopausal flushing and LH secretion 854
Coagulation factors *See* Blood
Colposcopy
in the diagnosis of papillomavirus infection of uterine cervix 1082
place of in a district general hospital, commentary 1
Chromosome abnormalities, prenatal diagnosis
chorionic tissue microsampling techniques 196, 1113, 1119
genetic counselling, commentaries 497, 499

Computer studies
for the assessment of fetal risk 507
microcomputer use for on-line production of birth notification forms, discharge summaries and perinatal audit 227
real-time microcomputer surveillance of uterine activity in induced labour 40
Congenital abnormalities *See also* Neural-tube defects
congenital nephrosis, antenatal screening in Finland by maternal serum AFP 437
cystic adenomatoid malformation of the lung, prenatal ultrasound diagnosis, case report 1065
fetal heart block associated with maternal Sjörgen's syndrome 870
genetics, law and obstetric practice, commentary 497
hydrocephalus, prenatal ultrasound diagnosis 162
intracranial arteriovenous fistula, prenatal ultrasound diagnosis, case report 872
prenatal detection by chorion tissue sampling in first trimester 193, 196, 1113, 1119
relevance to patient counselling in future pregnancies 501; commentaries 193, 497, 499
the malformed fetus and stillbirth: whose patient? commentary 499
urinary tract obstruction, ultrasound diagnosis and treatment 342
Contraception
IUCD
increased menstrual blood loss controlled with anti-fibrinolytic and antiprostaglandin treatment 78

cord blood levels in twins born by CS before or during labour 1033
13, 14-dihydro-15-keto-prostaglandin $F_{2\alpha}$ (PGFM) and oxytocin maternal plasma levels at term, cervical application of PGE_2 as affecting 612
involvement in vasopressin-stimulation of the uterus 332
prostacyclin (PGI_2) production by placental cell cultures 247; (letter) 1097
PGE_2
and oxytocin compared for stimulation of labour after spontaneous rupture of membranes 726
and $PGF_{2\alpha}$ increased menstrual fluid levels associated with dysmenorrhoea 1135
cervical application at term, effect on plasma PGFM and oxytocin levels 612
increased decidual levels associated with spontaneous and missed abortion 958
intravenous, for control of persistent primary post-partum haemorrhage, case report 280; (letter) 988
6-keto-$PGF_{1\alpha}$ plasma levels after vacuum curettage 251
synthase inhibitors (*See also* named compounds)
diclofenac sodium reducing excess menstrual bleeding in women with IUCD 78
effect on blood loss in dysmenorrhoea 570
naproxen sodium for relief of pain associated with Vabra suction curettage 864
thromboxane B_2 serum levels after vacuum curettage 251
Puerperium
associated plasma urate, urea and creatinine levels, primipara Nigerians 21
excretion of oxprenolol and timolol in breast milk 961
episiotomy healing, sutures and oral enzymes as affecting 650
inhibition of lactation by cyclofenil and bromocriptine 739
urethro-vesical function affected by epidural analgesia in labour 428
vitamin D metabolism in hypoparathyroid pregnancy 971

Renin–angiotensin system
plasma renin substrate levels, predictive value in outcome of threatened abortion 1186
renin and renin substrate levels in mother and fetus at term, mode of delivery as affecting 220
umbilical cord values of renin and renin-substrate related to blood gas tension 898
Rhesus isoimmunization, associated with increased umbilical vein blood flow 640
Ritodrine therapy in preterm labour
clinical study 1046
effect on plasma steroid hormone levels 847

Schistosomiasis of the fallopian tube (letter) 284
Schwangerschaftsprotein 1 (SP1) *See* Placental proteins
Sex ratio
and pre-eclampsia in primigravidae 26
paternal oligospermia effects (letter) 587
Sexual function
hormonal treatment of unresponsiveness in post-menopause 361
non-consummation of marriage, psychosexual therapy for 908

Sjogren's syndrome in mother associated with congenital heart block in infant, case report 870
Smoking in pregnancy
  acute effects of nicotine on FHR variability 710
  acute effects on fetal blood flow 7
  acute effects on FHR variability 3
  influence on maternal serum AFP levels in midtrimester 716
Spermatozoa, oligospermia, effect on sex ratio (letter) 587
Sterility *See* Infertility
Sterilization
  inferior epigastric haemorrhage, an avoidable complication of laparoscopic clip sterilization 480
  tubal,
    findings in a large prospective study 203
Steroid hormones (*See also* named compounds)
  plasma levels during treatment of preterm labour with ritodrine 847
  plasma levels, role in onset of labour 884
Stilboestrol therapy in pregnancy, long-term follow-up of mothers and their offsprings 1007

Tamoxifen, monohydroxy- binding to oestrogen receptor in ovarian tumours 751
Testosterone and dihydrotestosterone, maternal and fetal plasma levels from midpregnancy to term 232
Thyroid
  function in pregnancy, interpretation of in-vitro tests 532
  severe ovarian hyperstimulation after clomiphene therapy in hypothyroid patient, case report 977
Timolol excretion in breast milk 961
Tranexamic acid, effect on menstrual blood loss in IUCD users 78
Trophoblast
  alterations in the placental bed in relation to physiological changes in spiral arteries, histochemical study 34
  chorionic tissue sampling in early pregnancy for prenatal diagnosis of abnormalities 193, 196, 1113, 1119
  disease after hydatidiform mole, prognostic value of placental proteins in serum and cerebrospinal fluid 317, 483
Tumours *See also* Carcinoma
  borderline of the broad ligament, case report 372
  cystic ovarian teratomas, malignancy arising in 24 patients 671
  eccrine hidradenocarcinoma of the vulva, case report 90
  multiple lutein cysts in an uncomplicated pregnancy, case report 376
  ovarian cyst infection with *Salmonella typhi*, case report 680
  ovarian teratomas in association with gliomatosis peritonei, case report 671
  placental haemangioma, case report 983
  synchronous benign teratomas of the greater omentum and ovary, case report 676
Turner's syndrome in association with endometriosis treated with cyclical oestrogen/progestogen, case report 581
Twin pregnancy
  amniotic fluid levels of phospholipids and glucocorticoids before and during labour 51
  as a model for studies in fetal cortisol levels in labour, relation to prostaglandins, prolactin and ACTH 1033
  effect of zygosity on amniotic fluid phospholipid profile assessment of lung maturity 1001
  neonatal cytomegalic inclusion disease, one baby was a hydropic stillbirth the other uninfected, case report 276
  with 54 days between deliveries, case report 685

Ultrasound
  antenatal diagnosis of
    congenital cystic adenomatoid malformation of the lung, case report 1065
    fetal brain ventricle dilatation 162
    intracranial arteriovenous fistula, case report 872
    urinary tract obstruction 342
  assessment of failed ovulation induction 460
  echo cardiographic diagnosis of fetal pericardial effusion, case report 683

Umbilical cord
  blood
    concentrations of renin and renin-substrate, mode of delivery as affecting 220
    cortisol, prostaglandin and ACTH levels in twins born by CS before or during labour 1033
    β-endorphin, β- and α-lipotrophin levels, analgesia as affecting 1152
    gas tension changes, effect on renin–angiotensin system 898
    haemoglobin and erythropoietin in the regulation of fetal erythropoiesis 795
    plasma progesterone levels at term 801
    pH estimations in labour ward with automated microprocessor 522
  in vitro inactivation of noradrenaline 525
  vein blood flow increased with rhesus-isoimmunization 640
Urate, urea and creatinine plasma levels in pregnancy and puerperium, primigravid Nigerians 21
Urea, urate and creatinine plasma levels in pregnancy and puerperium, primigravid Nigerians 21
Urethrocliesis, vaginal operation for stress incontinence 662
Uridine and urate amniotic fluid levels, association with fetal hypoxia 815
Urinary tract
  bacteruria in pregnancy, efficacy of single-dose cephalexin therapy 1054
  bladder dysfunction after radical hysterectomy, frequency, causes and prevention 858
  Burch colposuspension, for stress incontinence, clinical and urodynamic assessment 934
  fetal obstruction, ultrasound diagnosis and treatment 342
  gauze hammock sling operation for stress incontinence 945
  place of urodynamic investigations in a district hospital, commentary 97; (letter) 777
  recurrent infections in pregnant women with sickle cell trait 108
  urethral function assessed by microtransducer measurements of urethral pressure 919
  urethrocliesis, vaginal operation for stress incontinence, clinical study 662
  urethro-vesical function after delivery, effects on of epidural analgesia in labour 428
Uterus (*See also* Endometrium)
  a new endometrial cell sampler 'Endoscann' 266
  adenocarcinoma treated with surgery and progestogens 178
  atony and postpartum haemorrhage controlled with PGE_2, case report 280; (letter) 988
  endometrial cancer, 10-year survival in 290 patients, prognostic factors and therapy 654
  Müllerian mixed tumour, histopathology 562
  perforation by a Cu-7 IUCD with subsequent penetration of appendix, case report 774
  torsion of the gravid uterus, case report 87
  uterine activity
    in labour *See* Labour and delivery
    spontaneous antenatal for prediction of preterm labour 884
    stimulation by vasopressin, involvement of prostaglandins 332
  vacuum curettage effect on plasma 6-keto-$PGF_{1\alpha}$ and serum $T \times B_2$ levels 251

Vabra suction curettage, naproxen pain relief 864
vasopressin effects on isolated myometrium and uterine arteries 732

Vabra suction curettage, associated pain relieved with naproxen 864
Vagina
fluid levels of prolactin, AFP and hPL, diagnostic for membrane rupture 1183
urethrocliesis, a simple cure for stress incontinence, clinical study 662
use of intravaginal oestrogen cream in postmenopausal genuine stress incontinence 940
vesicovaginal fistula, epidemiological determinants 387; commentary 385
Vasopressin
contractile effects on isolated myometrium and uterine arteries 732
mediator of the clinical signs of fetal distress (brief report) 987
stimulation of the uterus, involvement of prostaglandins 332
Veins, intracaval leiomyomatosis, case report 272
Virus infections
cervical wart virus (papillomavirus) and CIN, immunohistological discrimination 412, 1069; colposcopic diagnosis 1082
cytomegalovirus infection in one hydropic stillbirth in a set of twins, case report 276
herpes simplex infection, role in threatened abortion 167
herpes virus antibody status prognostic significance in progression of CIN 421
humoral immunity in pregnancy 1168
wart virus infected cervical epithelium, immunohistological localization of Langerhans' cells 412
Vitamins
A, plasma levels in lactating and non-lactating oral contraceptive users 73
D, metabolism in normal and hypoparathyroid pregnancy and lactation, case report 971
Vulva
carcinoma in association with cervical carcinoma, clinical study 557
eccrine hidradenocarcinoma with Paget's disease, case report 90

Wart virus *See* Virus infections
Wernicke's encephalopathy induced by hyperemesis gravidarum, case reports 583

Xanthine and hypoxanthine amniotic fluid levels, association with fetal hypoxia 815

CONTENTS

Vol 90 No 1 January 1983

1 Commentary
What is the place of colposcopy in a district general hospital? *J. A. Jordan*
3 Acute effects of smoking on fetal heart-rate variability. *P. Lehtovirta, M. Forss, V. Kariniemi & I. Rauramo*
7 Acute effect of maternal smoking on the human fetal blood flow. *P. Jouppila, P. Kirkinen & S. Eik-Nes*
11 Fetal plasma catecholamine concentrations and fetal heart-rate variability during first stage of labour. *P. Bistoletti, H. Lagercrantz & N.-O. Lunell*
16 Uteroplacental blood flow index in intrauterine growth retardation of fetal or maternal origin. *L. Nylund, N.-O. Lunell, R. Lewander & B. Sarby*
21 Plasma urate, urea and creatinine levels during pregnancy and after the puerperium in normal primigravid Nigerians. *V. E. Egwuatu*
26 Fetal sex and pre-eclampsia in primigravidae. *D. M. Campbell, I. MacGillivray, R. Carr-Hill & M. Samphier*
28 Some effects of maternal pethidine administration on the newborn. *G. Rooth, A. Lysikiewicz, R. Huch & A. Huch*
34 Trophoblast alterations in the placental bed in relation to physiological changes in spiral arteries. *G. Gerretsen, H. J. Huisjes, M. J. Hardonk & J. D. Elema*
40 Application of a real-time microcomputer monitoring system: surveillance of induced labour by uterine activity quantitation. *P. M. Tromans & J. M. Beazley*
49 Immunoreactive endorphin peptides in amniotic fluid during labour. *P. A. Riss & C. Bieglmayer*
51 Amniotic fluid phospholipids and glucocorticoids in multiple pregnancy. *R. J. Norman, S. M. Joubert & M. Marivate*
56 Biofeedback as an aid to childbirth. *I. St James-Roberts, C. Hutchinson, F. Haran & G. Chamberlain*
61 Measurement of the motor nerve conduction velocity: precise method of estimating maturity in newborn. *K. Goeschen, M. Pluta, J. Rothe & E. Saling*
69 Pregnancy in patients after severe abdominal burns. *E. Daw & I. Mohandas*
73 Changes in plasma vitamin A in lactating and non-lactating oral contraceptive users. *F. J. Cumming & M. H. Briggs*
78 Comparison between antifibrinolytic and antiprostaglandin treatment in the reduction of increased menstrual blood loss in women with intrauterine contraceptive devices. *O. Ylikorkala & L. Viinikka*
84 Tuberculous endometritis: a clinicopathological study of 1000 cases. *G. Bazaz-Malik, B. Maheshwari & N. Lal*
87 Torsion of the gravid uterus. Case reports. *A. A. Visser, M. V. K. Giesteira, A. Heyns & C. Marais*
90 Eccrine hidradenocarcinoma of the vulva with Paget's disease. Case report with a review of the literature. *J. B. Webb & I. P. Beswick*
96 Book Reviews

Vol 90 No 2 February 1983

97 Commentary
What is the place of urodynamic investigations in a district general hospital? *S. L. Stanton*
Whose baby is it anyway? *O. W. Samuel*
101 Iron requirement in normal pregnancy as assessed by serum ferritin, serum transferrin saturation and erythrocyte protoporphyrin determinations. *I. Romslo, K. Haram, N. Sagen & K. Augensen*
108 Pregnancy in women with sickle cell trait. *S. M. Tuck, J. W. W. Studd & J. M. White*
112 Pregnancy in sickle cell disease in the UK. *S. M. Tuck, J. W. W. Studd & J. M. White*
118 A comparison of low-risk pregnant women booked for delivery in two systems of care: shared-care (consultant) and integrated general practice unit. I. Obstetrical procedures and neonatal outcome. *M. Klein, I. Lloyd, C. Redman, M. Bull & A. C. Turnbull*
123 A comparison of low-risk pregnant women booked for delivery in two systems of care: shared-care (consultant) and integrated general practice unit. II. Labour and delivery management and neonatal outcome. *M. Klein, I. Lloyd, C. Redman, M. Bull & A. C. Turnbull*
129 Antenatal biochemical screening to predict low birthweight infants. *D. R. Aickin, G. B. Duff, J. J. Evans & M. Legge*
134 Amniotic fluid phosphatidylglycerol: an early indicator of fetal lung maturity. *M. J. Whittle, A. I. Wilson & C. R. Whitfield*

139 Serum protein pattern in normal pregnancy with special reference to acute-phase reactants. *K. Haram, K. Augensen & S. Elsayed*
146 Value of Schwangerschaftsprotein 1 (SP_1) and pregnancy-associated plasma protein-A (PAPP-A) in the clinical management of threatened abortion. *G. M. Masson, F. Anthony & M. S. Wilson*
150 Effect of anticoagulants on the measurement of pregnancy-associated plasma protein-A (PAPP-A). *K. M. Toop & A. Klopper*
156 Birthweight and paternal height. *C. W. Pritchard, H. W. Sutherland & R. A. Carr-Hill*
162 Prenatal diagnosis of fetal brain ventricle dilatation. *C. Jörgensen, I. Ingemarsson & N. W. Svenningsen*
167 Cervical and serum IgA and serum IgG antibodies to *Chlamydia trachomatis* and herpes simplex virus in threatened abortion: a prospective study. *M. Grönroos, E. Honkonen, P. Terho & R. Punnonen*
171 Lipids and lipoproteins in women after oophorectomy and the response to oestrogen therapy. *M. Notelovitz, J. C. Gudat, M. D. Ware & M. C. Dougherty*
178 Use of progestogens as an adjuvant to surgery in the treatment of stage I adenocarcinoma of the uterine corpus. *B. Moazzami, J. D. Van der Walt & N. R. H. Boyd*
182 Degranulation of the insulin-producing β cells in an infant of a diabetic mother. Case report. *F. A. Van Assche, L. Aerts & F. de Prins*
186 Correspondence
188 Book Reviews

Vol 90 No 3 March 1983

193 Commentary
Chorionic tissue biopsy in the first trimester of pregnancy. *M. Daker*
196 Assessment of a transcervical aspiration technique for chorionic villus biopsy in the first trimester of pregnancy. *D. H. Horwell, F. E. Loeffler & D. V. Coleman*
199 Use of glucocorticoids in pregnancies complicated by severe hypertension and proteinuria. *R. F. Lamont, P. D. M. Dunlop, M. I. Levene & M. G. Elder*
203 Tubal sterilization: findings in a large prospective study. *M. Vessey, G. Huggins, M. Lawless, K. McPherson & D. Yeates*
210 Fetal breathing movements and maternal hyperoxia in the growth retarded fetus. *J. C. Dornan & J. W. K. Ritchie*
214 Oxytocin deficiency at delivery with epidural analgesia. *C. F. Goodfellow, M. G. R. Hull, D. F. Swaab, J. Dogterom & R. M. Buijs*
220 Studies on the effect of mode of delivery on the renin–angiotensin system in mother and fetus at term. *H. J. Tetlow & F. Broughton Pipkin*
227 Selection of an obstetric data base for a microcomputer and its use for on-line production of birth notification forms, discharge summaries and perinatal audit. *M. Maresh, R. W. Beard, D. Combe, A. M. Dawson, M. D. G. Gillmer, G. Smith & P. J. Steer*
232 Dihydrotestosterone levels at midpregnancy and term: a comparison with testosterone concentrations. *D. R. Abramovich, R. Herriot & J. Stott*
235 Short-term variation in the level of α-fetoprotein in maternal serum. *D. J. Houghton, J. P. Newnham, M. J. Kitau & T. Chard*
238 Amniotic fluid gel cholinesterase density ratios in fetal open defects of the neural tube and ventral wall. *C. Goldfine, W. A. Miller & J. E. Haddow*
241 Epidemiology of group B streptococci: one year's experience in an obstetric and special care baby unit. *C. S. F. Easmon, M. J. G. Hastings, A. Blowers, B. Bloxham, J. Deeley, R. Marwood, R. P. A. Rivers & J. Stringer*
247 Decreased prostacyclin production by placental cells in culture from pregnancies complicated by fetal growth retardation. *M. Jogee, L. Myatt & M. G. Elder*
251 Effect of vacuum curettage on the concentrations of plasma 6-keto-prostaglandin $F_{1\alpha}$ and serum thromboxane B_2. *O. Ylikorkala, U.-M. Mäkilä & L. Viinikka*
255 Treatment of menorrhagia with intrauterine release of progesterone. *A. Bergqvist & G. Rybo*
259 An ultrastructural study of menstrual blood in normal menstruation and dysfunctional uterine bleeding. *B. L. Sheppard, C. J. Dockeray & J. Bonnar*
266 Endoscann, a new endometrial cell sampler. *E. Segadal & O. E. Iversen*
272 Intracaval leiomyomatosis. *A. E. P. Cameron, J. C. Graham & L. T. Cotton*
276 Neonatal cytomegalic inclusion disease in a set of twins one member of whom was a hydropic stillbirth the other completely uninfected. Case report. *R. Morton, I. Mitchell & E. McNicol*

280 Control of persistent primary postpartum haemorrhage due to uterine atony with intravenous prostaglandin E_2. Case report. *G. Henson, J. D. Gough & M. D. G. Gillmer*
283 Correspondence
286 Book Reviews

Vol 90 No 4 April 1983

289 Commentary
Birthweight and ethnicity. *S. L. Barron*
291 High birthweight in an ethnic group of low socioeconomic status. *P. L. Yudkin, S. Harlap & M. Baras*
297 A comparative analysis of birthweight for gestational age standards. *J. F. Forbes & M. J. Smalls*
304 Changes in serum immunoreactive erythropoietin during the menstrual cycle and normal pregnancy. *P. M. Cotes, C. E. Canning & T. Lind*
312 Complex formation of pregnancy-specific α_2-glycoprotein ($SP_1\alpha$) and heparin. *A. G. Ahmed & A. Klopper*
317 Schwangerschaftsprotein 1 (SP1) in serum and cerebrospinal fluid of patients with gestational trophoblastic disease. *P. C. Ho & H. K. Ma*
323 Circulating levels of pregnancy-associated plasma protein-A (PAPP-A) and human chorionic gonadotrophin (hCG) in intrauterine and extrauterine pregnancies. *P. Bischof, H. Reyes, W. L. Herrmann & P. C. Sizonenko*
326 Lymphocyte subsets in normal and pre-eclamptic pregnancies. *M. P. Moore, N. P. Carter & C. W. G. Redman*
332 Involvement of prostaglandins in vasopressin stimulation of the human uterus. *P. Strömberg, M. Åkerlund, M. L. Forsling & H. Kindahl*
338 Transfer before delivery on Merseyside: an analysis of the first 140 patients. *M. O. Lobb, M. E. I. Morgan, A. P. Bond & R. W. I. Cooke*
342 Fetal urinary tract obstruction: is active intervention before delivery indicated? *I. R. McFadyen, J. S. Wigglesworth & M. J. Dillon*
350 Feedback mechanism in sulpiride-induced hyperprolactinaemia. *R. Nakano & S. Yagi*
355 A comparison of liver protein induction in postmenopausal women during oral and percutaneous oestrogen replacement therapy. *J. Holst, S. Cajander, K. Carlström, M. G. Damber & B. von Schoultz*
361 Hormonal treatments of sexual unresponsiveness in postmenopausal women: a comparative study. *M. G. T. Dow, D. M. Hart & C. A. Forrest*
367 Cervical pregnancy treated by ligation of the descending branch of the uterine arteries. Case report. *G. J. Ratten*
372 Borderline tumour of the broad ligament. Case report. *E. Duvall & J. A. Survis*
376 Multiple lutein cysts in an uncomplicated pregnancy. Case report. *M. Dhont, D. Vandekerckhove, E. Vanluchene & J. De Boever*
380 Short Communications
Carcinoma of the bladder with a metastasis in the clitoris. *C. S. Powell & P. A. Jones*
Recurrence of the luteinized unruptured follicle. *P. Devroey, M. Temmerman, N. Verhoeven, N. Naaktgeboren, J. Heip, J. Amy & A. C. Van Steirteghem*
382 Erratum
383 Book Reviews

Vol 90 No 5 May 1983

385 Commentary
Obstetric fistula: one social calamity too many. *K. A. Harrison*
387 Epidemiological determinants of vesicovaginal fistulas. *F. Tahzib*
392 Effect of external cephalic version in late pregnancy on breech presentation and caesarean section rate: a controlled trial. *G. J. Hofmeyer*
400 Langerhans' cells in human cervical epithelium: an immunohistological study. *H. H. B. Morris, K. C. Gatter, H. Stein & D. Y. Mason*
412 Langerhans' cells in human cervical epithelium: effects of wart virus infection and intraepithelial neoplasia. *H. H. B. Morris, K. C. Gatter, G. Sykes, V. Casemore & D. Y. Mason*
421 Prognostic significance of herpes simplex virus antibody status in women with cervical intraepithelial neoplasia (CIN). *D. V. Coleman, A. R. Morse, P. Beckwith, M. C. Anderson, S. D. Gardner, W. A. Knowles & G. R. B. Skinner*
428 Effect of lumbar epidural analgesia on lower urinary tract function in the immediate postpartum period. *A. Weil, H. Reyes, R. D. Rottenberg, F. Beguin & W. L. Herrmann*

433 Fetal growth achievement and elevated maternal serum α-fetoprotein. *D. W. Purdie, J. L. Young, K. A. Guthrie & C. E. Picton*
437 Antenatal screening for congenital nephrosis in Finland by maternal serum α-fetoprotein. *M. Ryynänen, M. Seppälä, P. Kuusela, J. Rapola, P. Aula, A. Seppä, V. Jokela & O. Castren*
443 Feto-maternal haemorrhage as a cause of fetal morbidity and mortality. *R. A. Fay*
447 Ratio of the concentration of hypoxanthine to creatinine in urine from newborn infants: a possible indicator for the metabolic damage due to hypoxia. *R. A. Harkness, R. J. Simmonds, S. B. Coade & C. R. Lawrence*
453 Absence of a factor blocking a cellular cytotoxicity reaction in the serum of women with recurrent abortions. *D. Fizet & J. Bousquet*
457 Plasma copper and zinc concentrations and infertility. *M. H. Soltan & D. M. Jenkins*
460 Ultrasonic assessment of subsequent unexplained infertility after ovulation induction. *C. B. Coulam, L. M. Hill & R. Breckle*
468 Tubal mucosa and ectopic pregnancy. *G. Vasquez, R. M. L. Winston & I. A. Brosens*
475 Lamicel: a new technique for cervical dilatation before first trimester abortion. *K. H. Nicolaides, C. C. Welch, M. B. A. MacPherson, I. R. Johnson & G. M. Filshie*
480 Inferior epigastric haemorrhage, an avoidable complication of laparoscopic clip sterilization. *D. W. Pring*
483 Prognostic significance of the new placental proteins in trophoblastic disease. *F. H. M. Tsakok, S. Koh, S. E. Chua, S. S. Ratnam, B. Teisner, G. R. D. Jones, M. Sinosich & J. G. Grudzinskas*
487 Chorea gravidarum associated with circulating lupus anticoagulant: successful outcome of pregnancy with prednisone and aspirin therapy. Case report. *W. F. Lubbe & E. B. Walker*
491 Placenta percreta presenting as intra-abdominal antepartum haemorrhage. Case report. *G. M. Cario, A. D. Adler & N. Morris*
494 Book Reviews

Vol 90 No 6 June 1983

497 Commentary
Genetics, law and obstetric practice. *A. Milunsky*
The malformed fetus and stillbirth: whose patient? *R. M. Winter*
501 Fetal anatomical abnormalities and other associated factors in middle-trimester abortion and their relevance to patient counselling. *M. J. Haxton & J. Bell*
507 Problems and pitfalls of risk assessment in antenatal care. *R. J. Lilford & T. Chard*
511 Maternal blood levels of human placental lactogen in the prediction of fetal growth retardation: choosing a cut-off point between normal and abnormal. *R. J. Lilford, B. C. Obiekwe & T. Chard*
516 Antenatal fetal heart-rate variability in relation to fetal acid–base status at caesarean section. *G. L. Henson, G. S. Dawes & C. W. G. Redman*
522 A comparative assessment of an automated blood microprocessor for fetal blood pH measurements in the labour ward. *P. Stewart, E. Hillan, A. A. Calder & S. M. Nicol*
525 Metabolic inactivation of noradrenaline in human placenta, umbilical cord and fetal membranes. *S. Saarikoski*
528 Neurofibromatosis and severe hypertension in pregnancy. *J. N. T. Edwards, M. Fooks & D. A. Davey*
532 Interpretation of in-vitro thyroid function tests during pregnancy. *S. C. H. Smith & A. M. Bold*
535 Endogenous opioid peptides in pregnancy. *J. P. Newnham, S. Tomlin, S. J. Ratter, G. L. Bourne & L. H. Rees*
539 Luteinizing hormone releasing hormone analogue in treatment of hypergonadotrophic amenorrhoea. *V. Menon, R. Logan Edwards, S. S. Lynch & W. R. Butt*
543 Plasma progesterone levels as an index of ovulation. *U. Abdulla, M. J. Diver, L. J. Hipkin & J. C. Davis*
549 Plasma lipids in women using progestogen-only oral contraceptives. *M. Briggs & M. Briggs*
553 The treatment of cervical intraepithelial neoplasia using the carbon dioxide laser. *A. S. Evans & J. M. Monaghan*
557 Multicentric carcinoma of the female lower genital tract. *I. G. Hammond & J. M. Monaghan*
562 Mullerian mixed tumour of the uterine corpus: a clinical histopathological review of 28 patients. *R. W. Shaw, P. F. Lynch & T. Wade-Evans*
570 Menstrual blood loss in dysmenorrhoea: effects of proquazone and indomethacin. *L. Mäkäräinen & O. Ylikorkala*
573 Fetal cardiovascular dynamics during cardiac dysrhythmia. Case report. *J. W. Wladimiroff, P. Struyk, P. A. Stewart, P. Clusters & V. H. de Villeneuve*

578 Haemolytic–uraemic syndrome during the first trimester of pregnancy. Case report. *P. Jacobs & D. W. Dubovsky*
581 Endometriosis with Turner's syndrome treated with cyclical oestrogen/progesterone. Case report. *B. A. O. Binns & R. Bannerjee*
583 Wernicke's encephalopathy induced by hyperemesis gravidarum. Case reports. *P. Wood, A. Murray, B. Sinha, M. Godley & H. J. Goldsmith*
587 Correspondence
590 Book Reviews

Vol 90 No 7 July 1983

593 Commentary
The first days. *A. Klopper*
Epidural analgesia and assisted delivery. *R. P. Husemeyer*
596 Some new aspects of the endocrinological response to pregnancy. *M. O. Aspillaga, P. G. Whittaker, A. Taylor & T. Lind*
604 Diagnosis of early pregnancy by assay of placental proteins. *A. G. Ahmed & A. Klopper*
612 Effect of cervical application of prostaglandin (PG) E_2 on plasma 13,14-dihydro-15-keto-$PGF_{2\alpha}$ and oxytocin in pregnant women at term. *A.-R. Fuchs, P. Husslein, E. Kofler, W. Grünberger, A. Rasmussen & J. Rehnström*
618 Circulating levels of placental proteins, placental protein 5 (PP5), placental lactogen and Schwangerschaftsprotein 1 (SP1), in antepartum eclampsia. *H. T. Salem, M. M. Shaaban, S. A. Ghaneimah, M. Seppälä & T. Chard*
623 Delayed pushing with lumbar epidural analgesia in labour. *M. Maresh, K.-H. Choong & R. W. Beard*
628 Differences in the reported frequencies of some obstetrical interventions in Europe. *P. Bergsjø, E. Schmidt & D. Pusch*
633 The effect of intrapartum chemoprophylaxis on the vertical transmission of group B streptococci. *C. S. F. Easmon, M. J. G. Hastings, J. Deeley, B. Bloxham, R. P. A. Rivers & R. Marwood*
636 Non-immune hydrops fetalis: changing contribution to perinatal mortality. *H. M. Andersen, J. H. Drew, N. A. Beischer, A. A. Hutchison & D. W. Fortune*
640 Umbilical vein blood flow in rhesus-isoimmunization. *P. Kirkinen, P. Jouppila & S. Eik-Nes*
644 Maternal hypertension with superimposed pre-eclampsia: effects on child development at 7½ years. *M. Ounsted, J. Cockburn, V. A. Moar & C. W. G. Redman*
650 Polglycolic acid and catgut sutures, with and without oral proteolytic enzymes, in the healing of episiotomies. *A. D. G. Roberts & D. McKay Hart*
654 Ten-year survival in 290 patients with endometrial cancer: prognostic factors and therapeutic approach. *C. la Vecchia, S. Franceschi, F. Parazzini, E. Colombo, F. Colombo, A. Liberati & C. Mangioni*
662 Urethrocliesis—a simple cure for stress incontinence. *P. R. Payne*
665 Vascular pedicle transposition of an ovary to enhance fertility—a new operative technique. *B. McC. O'Brien & H. F. Jolly*
668 Gliomatosis peritonei associated with ovarian teratomas. Case report. *D. M. Luesley, I. J. Monypenny, J. W. Fielding & K. K. Chan*
671 Malignancy arising in cystic ovarian teratomas. A report of 24 cases. *G. W. H. Stamp & E. M. McConnell*
676 Synchronous benign teratomas of the greater omentum and ovary. Case report. *M. S. Kearney*
680 An ovarian cyst infected with *Salmonella typhi*. Case report. *J. C. Evans-Jones & G. L. French*
683 Echo cardiographic diagnosis of fetal pericardial effusion. Case report. *M. O. Hassan, F. W. Morgos & A. H. Basalamah*
685 Twins with 54 days between deliveries. Case report. *J. Woolfson, T. Fay & A. Bates*
687 Book Reviews

Vol 90 No 8 August 1983

689 Commentary
Ninth Report on the Confidential Enquiries into Maternal Deaths in England and Wales 1976–1978. *G. Chamberlain*
691 Causes of stillbirth: a clinicopathological study of 243 patients. *O. Hovatta, A. Lipasti, J. Rapola & O. Karjalainen*
697 Antepartum non-stress cardiotocography in 'high risk' pregnancies. *G. S. McCune, J. Doig & W. Ridley*

705 Short term variability of fetal heart rate during pregnancies complicated by hypertension. *P. Ämmälä & V. Kariniemi*
710 Acute effects of nicotine on fetal heart rate variability. *P. Lehtovirta, M. Forss, I. Ruaramo & V. Kariniemi*
716 Smoking habits and maternal serum α-fetoprotein levels during the second trimester of pregnancy. *S. G. Thomsen, L. Isager-Sally, A. P. Lange, N. Saurbrey & V. Schiølier*
718 Reviewing birthweight standards. *R. A. Carr-Hill & C. W. Pritchard*
726 Controlled study comparing vaginal prostaglandin E_2 pessaries with intravenous oxytocin for the stimulation of labour after spontaneous rupture of the membranes. *A. L. Magos, M. C. B. Noble, A. Wong Ten Yuen & C. H. Rodeck*
732 Vasopressin effects on isolated non-pregnant myometrium and uterine arteries and their inhibition by deamino-ethyl-lysine-vasopressin and deamino-ethyl-oxytocin. *M. Åkerlund, A. Kostrzewska, T. Laudánski, P. Melin & H. Vilhardt*
739 Inhibition of lactation by cyclofenil and bromocriptine. *G. Thorbert & M. Åkerlund*
743 Ovarian epithelial tumours of borderline malignancy: pathological features and current status. *The Ovarian Tumour Panel of the Royal College of Obstetricians and Gynaecologists*
751 Binding of [^{3}H] monohydroxytamoxifen in ovarian carcinoma. *J. A. Holt, V. Craig Jordan, A. C. Tate & M. A. Lorincz*
759 The effect of low-dose heparin on blood loss at abdominal hysterectomy. *P. W. Docherty, J. D. S. Goodman, J. G. Hill, B. G. Pickles, J. Boardman, C. G. Taylor, P. V. Bush, L. E. M. Skinner & R. C. Slater.*
764 The epithelium of human hydrosalpinges: a light optical and scanning electron microscopic study. *G. Vasquez, R. M. L. Winston, W. Boeckx, S. Gordts & I. A. Brosens*
771 Immunologically undetectable human placental lactogen in a normal pregnancy. Case report. *M. Sideri, G. De Virgilis, F. Guidobono, N. Borgese, L. P. Sereni, U. Nicolini & G. Remotti*
774 Uterine perforation by a Copper 7 intrauterine contraceptive device with subsequent penetration of the appendix. Case report. *N. A. McWhinney & R. Jarrett*
777 Correspondence
781 Book Reviews

Vol 90 No 9 September 1983

785 Commentary
Obstetricians, gynaecologists and the FRCS. *J. Studd*
787 William Hunter (1718–1783) and his contributions to obstetrics. *J. L. Thornton & P. C. Want*
795 Erythropoietin and cord blood haemoglobin in the regulation of human fetal erythropoiesis. *R. M. Thomas, C. E. Canning, P. M. Cotes, D. C. Linch, C. H. Rodeck, C. E. Rossiter & E. R. Huehns*
801 Plasma progesterone in the umbilical vessels at term—an overview. *E. J. Shaxted & P. V. Maynard*
809 Maternal mortality in Riyadh, Saudi Arabia. *S. K. Chattopadhyay, B. S. Sengupta, C. Chattopadhyay, Z. Zaidi & H. Showail*
815 Concentrations of hypoxanthine, xanthine, uridine and urate in amniotic fluid at caesarean section and the association of raised levels with prenatal risk factors and fetal distress. *R. A. Harkness, R. T. Geirsson & I. R. McFadyen*
821 Fetal scalp blood lactate as an indicator of intrapartum hypoxia. *N. C. Smith, W. P. Soutter, F. Sharp, J. McColl & I. Ford*
832 Clinical significance of sinusoidal fetal heart rate pattern. *M. Katz, I. Meizner, N. Shani & V. Insler*
837 Plasma dopamine β-hydroxylase activity in pregnancy-induced hypertension. *P. S. V. Ramana Murthy & K. Prema*
841 Degenerative changes and detection of plasminogen in fetal membranes that rupture prematurely. *D. M. Jenkins, M. O'Neill, M. Mattar, V. M. France, B.-L. Hsi & W. Page Faulk*
847 Changes in plasma steroid hormones during treatment of preterm labour with ritodrine-HCl. *M. C. A. J. A. Hanssens, C. Selby, G. M. Filshie, B. J. Gilbert & E. M. Symonds*
854 Effect of intravenous clonidine on menopausal flushing and luteinizing hormone secretion. *T. Tulandi, S. Lal & R. A. Kinch*
858 The frequency, causes and prevention of severe urinary dysfunction after radical hysterectomy. *N. Kadar, N. Saliba & J. H. Nelson*
864 A controlled trial of naproxen sodium for relief of pain associated with Vabra suction curettage. *N. C. Siddle, O. Young, C. M. Sledmere, A. E. Reading & M. I. Whitehead*
870 Congenital heart block associated with maternal primary Sjögren's syndrome. Case report. *R. A. Paredes, H. Morgan & G. C. L. Lachelin*

872 Antenatal diagnosis of intracranial arteriovenous fistula by ultrasonography. Case report. *K. Mao & J. Adams*
874 Pregnancy with huge bilateral hypertrophic axillary tail of the breast. Case report. *P. Bhattacharaya*
876 Correspondence
877 Book Reviews

Vol 90 No 10 October 1983

881 Commentary
Recurrent abortion—a review. *G. M. Stirrat*
884 The prediction of preterm labour by recording spontaneous antenatal uterine activity. *R. Bell*
888 Antenatal oestradiol and progesterone concentrations in patients subsequently having preterm labour. *R. Bell*
892 Obstetric characteristics in different racial groups. *S. M. Tuck, L. D. Cardozo, J. W. W. Studd, D. M. F. Gibb & D. J. Cooper*
898 The effect of changes in blood gas tension upon the renin–angiotensin system of the newborn infant. *H. J. Tetlow & F. Broughton Pipkin*
904 Studies on the half-life of Schwangerschaftsprotein 1 (SP 1). *A. G. Ahmed & A. Klopper*
908 Non-consummation of marriage treated by members of the Institute of Psychosexual Medicine: a prospective study. *H. M. Bramley, J. Brown, K. C. Draper & J. Kilvington*
914 Cardiotocographic changes after external cephalic version. *G. J. Hofmeyr & E. W. W. Sonnendecker*
919 Urethral pressure measurement by microtransducer: the results in symptom-free women and in those with genuine stress incontinence. *P. Hilton & S. L. Stanton*
934 A clinical and urodynamic assessment of the Burch colposuspension for genuine stress incontinence. *P. Hilton & S. L. Stanton*
940 The use of intravaginal oestrogen cream in genuine stress incontinence. *P. Hilton & S. L. Stanton*
945 The gauze hammock sling operation in the treatment of stress incontinence. *J. Kersey*
950 Blood levels of proteinase inhibitors in pre-eclampsia. *L. Gow, D. M. Campbell & D. Ogston*
953 The influence of oral contraceptives on activated factor X inhibitor (XaI)-activity: a prospective study. *A. Bergqvist, D. Bergqvist & O. Tangen*
958 Increased decidual prostaglandin E concentration in human abortion. *O. E. Jaschevatzky, A. Shalit, S. Grunstein, J. Kaplanski & A. Danon*
961 Excretion of oxprenolol and timolol in breast milk. *J. Fidler, V. Smith & M. de Swiet*
966 Laparoscopic diagnosis of acute pelvic inflammatory disease. *L. A. Allen & M. G. Schoon*
969 Left ventricular aneurysm complicating acute myocardial infarction occurring during pregnancy. Case report. *A. D. G. Roberts, R. A. L. Low, A. P. Rae & W. S. Hillis*
971 Vitamin D metabolism in normal and hypoparathyroid pregnancy and lactation. Case report. *T. Markestad, M. Ulstein, H. H. Bassoe, L. Aksnes & D. Aarskog*
977 Severe ovarian hyperstimulation after clomiphene citrate in a hypothyroid patient. Case report. *H. Morgan, R. A. Paredes & G. C. L. Lachelin*
983 Placental haemangioma. Case report. *L. Mann, L. Alroomi, M. McNay & M. A. Ferguson-Smith*
987 Short communications
Vasopressin: mediator of the clinical signs of fetal distress. *P. R. Gaffney & D. M. Jenkins*
988 Correspondence
991 Book Reviews

Vol 90 No 11 November 1983

993 Commentary
The lecithin/sphingomyelin ratio in decline. *A. C. Turnbull*
995 Is the lecithin/sphingomyelin ratio outdated? *D. K. James, V. R. Tindall & T. Richardson*
1001 Amniotic fluid phospholipid profile in multiple pregnancy and the effect of zygosity. *H. G. Dobbie, M. J. Whittle, A. I. Wilson & C. R. Whitfield*
1007 A randomized double-blind controlled trial of the value of stilboestrol therapy in pregnancy: long-term follow-up of mothers and their offspring. *M. P. Vessey, D. V. I. Fairweather, B. Norman-Smith & J. Buckley*
1018 A randomized trial of weekly cardiotocography in high-risk obstetric patients. *J. Lumley, A. Lester, I. Anderson, P. Renou & C. Wood*
1027 Pregnancy-associated hypertension, a comparison of its prediction by 'roll-over test' and plasma noradrenaline measurement in 100 primigravidae. *R. D. G. Tunbridge & P. Donnai*

1033 Twin pregnancy as a model for studies in fetal cortisol concentrations in labour: relation to prostaglandins, prolactin and ACTH. *R. J. Norman, W. M. Deppe, P. C. Coutts, M. Marivate & S. M. Joubert*
1040 *Plus ça change*: predictors of birthweight in two national studies. *T. J. Peters, J. Golding, N. R. Butler, J. G. Fryer, C. J. Lawrence & G. V. P. Chamberlain*
1046 Ritodrine in the treatment of preterm labour: a study of 213 patients. *L. J. Downey & A. J. Martin*
1054 Bacteriuria in pregnancy treated with a single dose of cephalexin. *M. Campbell-Brown & I. R. McFadyen*
1060 Cervical dilatation by Lamicel—studies on the mechanism of action. *K. H. Nicolaides, C. C. Welch, E. N. Koullapis & G. M. Filshie*
1065 Spontaneous resolution of maternal hydramnios in congenital cystic adenomatoid malformation of the lung. Antenatal ultrasound features. Case report. *J. Glaves & J. L. Baker*
1069 Cervical wart virus infection, intraepithelial neoplasia and carcinoma: an immunohistological study using a panel of monoclonal antibodies. *H. B. Morris, K. C. Gatter, K. Pulford, P. Haynes, M. Charnock, J. Taylor-Papadimitriou, E. B. Lane & D. Y. Mason*
1082 Colposcopy in the diagnosis of papillomavirus infection of the uterine cervix. *P. G. Walker, A. Singer, J. L. Dyson, K. V. Shah, J. Wilters & D. V. Coleman*
1087 A retrospective review of cervical cytology in women developing invasive squamous cell carcinoma. *E. M. Walker, M. J. Hare & P. Cooper*
1092 Blair Bell Research Society

1105 Commentary
Pregnancy with epilepsy—the need for combined care. *M. L. E. Espir & F. E. Hytten*
1107 Portsmouth operative delivery trial: a comparison of vacuum extraction and forceps delivery. *A. Vacca, A. Grant, G. Wyatt & I. Chalmers*
1113 Development of an improved technique for first-trimester microsampling of chorion. *C. H. Rodeck, J. M. Morsman, C. M. Gosden & J. R. Gosden*
1119 Trophoblast sampling by blind transcervical aspiration. *D. T. Y. Liu, J. Mitchell, J. Johnson & D. M. Wass*
1124 The risks of antenatal subcutaneous heparin prophylaxis: a controlled trial. *R. Howell, J. Fidler, E. Letsky & M. de Swiet*
1129 Prolonged heparin therapy in pregnancy causes bone demineralization. *M. de Swiet, P. Dorrington Ward, J. Fidler, A. Horsman, D. Katz, E. Letsky, M. Peacock & P. H. Wise*
1135 Primary dysmenorrhoea: the importance of both prostaglandins E_2 and $F_{2\alpha}$. *M. A. Lumsden, R. W. Kelly & D. T. Baird*
1141 Reliability of cytological follow-up after conization of the cervix; a comparison of three surgical techniques. *J. B. Trimbos, A. P. M. Heintz & E. V. van Hall*
1147 Maternal plasma concentrations of β-lipotrophin, β-endorphin and γ-lipotrophin throughout pregnancy. *A. J. F. Browning, W. R. Butt, S. S. Lynch & R. A. Shakespear*
1152 Maternal and cord plasma concentrations of β-lipotrophin, β-endorphin and γ-lipotrophin at delivery; effect of analgesia. *A. J. F. Browning, W. R. Butt, S. S. Lynch, R. A. Shakespear & J. S. Crawford*
1157 Women's recollection of pain during and after carbon dioxide laser treatment to the uterine cervix. *I. E. Lowles, M. Al-Kurdi & M. J. Hare*
1160 Exclusion of the fetal brain as the main source of rat and human amniotic fluid oxytocin. *D. F. Swaab & H. P. Oosterbaan*
1168 Is pregnancy immunosuppressive? Humoral immunity against viruses. *C. Baboonian & P. Griffiths*
1176 Perceptions of labour: discrepancies between midwives' and patients' ratings. *C. Bradley, C. R. Brewin & S. L. B. Duncan*
1180 Labour and delivery after a prolonged interval between the present and the last pregnancy. *A. A. Opaneye*
1183 Are vaginal fluid concentrations of prolactin, α-fetoprotein and human placental lactogen useful for diagnosing ruptured membranes? *J. F. Huber, P. Bischof, P. Extermann, F. Beguin & W. L. Herrmann*
1186 Plasma renin substrate in the prediction of pregnancy outcome in threatened abortion. *A. S. I. Siimes, I. Immonen, U.-H. Stenman, J. E. K. Kärkkäinen, F. Pekonen & F. Y. Fyhrquist*

1193 Short Communications
Pseudosinusoidal fetal heart rate patterns. *G. J. Hofmeyr & E. W. W. Sonnendecker*
Serum polyamine oxidase activity in normal pregnancy. *D. M. L. Morgan, G. Illei & J. P. Royston*
